

Water Soluble Supplements

Stress due to adaptation, transport, heat or illness, are all causes of de-hydration and loss of essential vitamins & minerals and decrease in gut integrity, leading to poor absorption ability.

Wisium has the following highly concentrated water soluble solutions to decrease mortalities, improve animal health, decrease production losses and support your improved production and reproduction goals in all of your livestock !

VITAMINS & ELECTROLYTES

- 12 Vitamins
- Mineral salts

Replenishes essential minerals and vitamins lost during any type of stress and dehydration

Used during:

- Any Stress periods
- Adaptation
- Illness
- De-hydration
- Any time required for Electrolyte & Vitamin supplementation

Suitable for Poultry

CARMINO+

- 18 highly bio-available Amino Acids
- 14 Vitamins
- Including Choline for improved Liver protection
- Lecithin for better cell membrane permeability
- Carnitine for improved Energy availability

Used during:

- Adaptation
- Vaccination
- Illness
- Production
